More cities are making room for trees in the urban environment. Trees soften the hard lines of manmade structures, add color, absorb excess noise, filter the air, provide shade, and often increase property values. Urban forests of Tennessee are experiencing new demands and pressures as interest ...

English ivy can choke and kill the beautiful trees that give our yards and neighborhoods shade and character. What looks like a lovely little green plant can actually strangle trees, accelerate rot, attract mosquitoes and cause mature trees to fall down during storms.. Ivy can strangle trees, and once it is in the tree canopy, it can block sunlight from the trees' leaves.
