Emery, Finney, Stowe is the only corporate finance text to bridge the gap between theory and practice with a unique pedagogical framework, and the expertise of a researcher, practitioner, and teacher.

### **Amazon.com: Corporate Financial Management (3rd Edition**

This book, from the former editors of FMA's Journal of Financial Management, is the first to integrate the major developments made in finance in the last twenty years, such as principal-agent considerations, asymmetric information considerations, and contingent claims analysis. The format parallels that of competitors, but the new material is woven into, and enriches, the traditional ...

### **Corporate Financial Management - amazon.com**

Corporate finance is an area of finance that deals with sources of funding, the capital structure of corporations, the actions that managers take to increase the value of the firm to the shareholders, and the tools and analysis used to allocate financial resources. The primary goal of corporate finance is to maximize or increase shareholder value. Although it is in principle different from ...
