The slope of the productionâ€™™possibility frontier (PPF) at any given point is called the marginal rate of transformation (MRT). The slope defines the rate at which production of one good can be redirected (by reallocation of productive resources) into production of the other. It is also called the (marginal) "opportunity cost" of a commodity, that is, it is the opportunity cost of X in terms ...

A lap dance (or contact dance) is a type of erotic dance performance offered in some strip clubs in which the dancer typically has body contact with a seated patron. Lap dancing is different from table dancing, in which the dancer is close to a seated patron, but without body contact. With lap dancing, the dancer may be nude, topless or scantily dressed, depending on the laws of the ...
