from his mind; and the ultimate interaction of the two distinct and separate substances: mind and body. Also, I shall give a critical evaluation of Descartes's method, bringing into focus the alternative theories of other philosophers aimed at resolving the Cartesian dualism. The scientific standpoint on the issue shall also be considered.

A Critique of Descartes's Mind-Body Dualism

He cannot, therefore, propose substance dualism as a theory of mind. To explain mental activities such as sensation, memory, or imagination, one must hypothesize how they result from interaction between the environment, the senses, and the processing of the brain.
