"Hegel's dialectics" refers to the particular dialectical method of argument employed by the 19th Century German philosopher, G.W.F. Hegel (see entry on Hegel), which, like other "dialectical" methods, relies on a contradictory process between opposing sides. Whereas Plato's "opposing sides" were people (Socrates and his interlocutors), however, what the "opposing sides" are in Hegel's work depends on the subject matter he discusses.
