Amazon.com: Financial & Managerial Accounting eBook: Jan

One simple definition of management accounting is the provision of financial and non-financial decision-making information to managers. According to the Institute of Management Accountants (IMA): "Management accounting is a profession that involves partnering in management decision making, devising planning and performance management systems, and providing expertise in financial reporting and ...

Management accounting - Wikipedia

Financial accounting is the only branch of accounting and it is not perfect. There are large numbers of limitations which open new way to use other tools of accounting. To know what are the main limitations of financial accounting. It is very necessary for accountants .

Effective Factors on Accounting Information System

Financial economics is the branch of economics characterized by a "concentration on monetary activities", in which "money of one type or another is likely to appear on both sides of a trade". Its concern is thus the interrelation of financial variables, such as prices, interest rates and shares, as opposed to those concerning the real economy. It has two main areas of focus: asset pricing and ...
