17.12.1 Asynchronous Processing in Servlets. Java EE provides asynchronous processing support for

servlets and filters. If a servlet or a filter reaches a potentially blocking operation when processing a request, it can assign the operation to an asynchronous execution context and return the thread associated with the request immediately to the container without generating a response.

### **17.12 Asynchronous Processing - Java Platform, Enterprise**

Collections in Java are used in almost every application. Java Collections Framework is one of the core part of Java programming language. Java Collections tutorial will explain Java Collections Framework in detail. Java collection interfaces are the foundation of the Java Collections Framework ...

Here's a brief introduction to Java Thread concepts that many people find tricky. Learn about multithreading in Java and harness the power of concurrency!

### **Java Thread Tutorial: Creating Threads and Multithreading**

java.time Package: This is the base package of new Java Date Time API. All the major base classes are part of this package, such as LocalDate, LocalTime, LocalDateTime, Instant, Period, Duration etc. All of these classes are immutable and thread safe. Most of the times, these classes will be sufficient for handling common requirements.

### **Java 8 Date - LocalDate, LocalDateTime, Instant - JournalDev**

The Checker Framework. Are you tired of null pointer exceptions, unintended side effects, SQL injections, concurrency errors, mistaken equality tests, and other run-time errors that appear during testing or in the field?

### **The Checker Framework**

Practically and deeply understand concurrency in Python to write efficient programs

Java is still free â€“ Spyros Anastasopoulos â€“ Slides The second talk was a lightning one and lasted about 10 minutes including the Q&A sessions. The topic was the new commercial license of the JDK by Oracle and the confusion and controversy it has generated among the users. The talk was like a journalistâ€™s article gathering facts from many sources on the internet.
