

### **mentorship and clinical supervision pdf**

Mentorship is a relationship in which a more experienced or more knowledgeable person helps to guide a less experienced or less knowledgeable person. The mentor may be older or younger than the person being mentored, but he or she must have a certain area of expertise. It is a learning and development partnership between someone with vast experience and someone who wants to learn.

The Nursing & Midwifery Council (NMC) (2008a, p.23) declares in its Standards to Support Learning and Assessment in Practice that a "mentor is a mandatory requirement for pre-registration nursing students". This simply means that student nurses must be guided by nurse mentors. The Royal College ...

### **Accountability and Assessment in Nursing Mentorship**

Peer mentoring is a form of mentorship that usually takes place between a person who has lived through a specific experience (peer mentor) and a person who is new to that experience (the peer mentee). An example would be an experienced student being a peer mentor to a new student, the peer mentee, in a particular subject, or in a new school.
