In a kind of spooky experiment, scientists at the Max Planck Institute for Human Cognitive and Brain Sciences reveal that our decisions are made seconds before we become aware of them. In the study, participants could freely decide if they wanted to press a button with their right or left hand. The only condition was that they had to remember when they made the decision to either use their ...

Health care is a multi-billion dollar industry that too often relieves you of your money, but not your illness. America has the highest health care costs in the world, but the quality of care and the results of treatment is vastly inferior to many other first world countries. Treat yourself naturally and enjoy better health for your body as well as your finances.
