At Salt Lake Community College, we believe higher education should be available to anyone who desires it. SLCC Promise helps eligible, full-time students pay for their education by covering the cost of tuition and fees when federal grants fall short. The Promise is intended to remove economic barriers and to provide a pathway for SLCC students to complete their degrees.

5 Preface The world is facing a situation without precedent: We soon will have more older people than children and more people at extreme old age than ever before.

### **Global Health and Aging - World Health Organization**

Applications. Futures and promises originated in functional programming and related paradigms (such as logic programming) to decouple a value (a future) from how it was computed (a promise), allowing the computation to be done more flexibly, notably by parallelizing it. Later, it found use in distributed computing, in reducing the latency from communication round trips.

Diffusion is a physical process where molecules of a material move from an area of high concentration (where there are many molecules) to an area of low concentration (where there are fewer molecules).. Diffusion usually happens in a solution in gas or in a liquid. It is possible to see diffusion happening when two liquids are mixed in a transparent container.
