to view the finished eText. Pearson's eText is essentially a SWF viewer with an interactive overlay provided by XML. During eText ingestion, hi-res PDFs are processed to generate a set of SWFs for use with the eText Viewer and a set of thumbnail images that will be used to display search results.

### **eText - Pearson**

Print the text to pdf. That said, if you search online you will usually be able to access most of their content from the textbook's accompanying website, including slide sets and lecture notes intended to be used by college instructors, as well as question banks that many schools use to build their own tests.
