This Series endeavors to point to a reality of which scientific theory has revealed only one aspect. It is the commitment to this reality that lends universal intent to a scientist's most original and solitary thought. By acknowledging this frankly we shall restore science to the great family of human aspirations by which men

The challenge that both writers have in defining myth is that it is the nature of myth to transform boundaries. In *Myth and Reality*, Eliade attempts a definition: "Myth narrates a sacred history; it relates an event that took place in primordial Time, [it] it relates how something was produced, began to be" (5-6).
