The word "curriculum" began as a Latin word which means "a race" or "the course of a race" (which in turn derives from the verb currere meaning "to run/to proceed"). The first known use in an educational context is in the *Professio Regia*, a work by University of Paris professor Petrus Ramus published posthumously in 1576. The term subsequently appears in University of Leiden records in 1582.

The Bolsheviks had their own ten commandments and, like the church, they also mocked their opponents.

The totalitarianism of the church belongs to the past but if the church should ever regain its former power, its atrocities would probably be repeated.

1. Ontological Naturalism 1.1 Making a Causal Difference. A central thought in ontological naturalism is that all spatiotemporal entities must be identical to or metaphysically constituted by physical [] entities. Many ontological naturalists thus adopt a physicalist attitude to mental, biological and other such "special" subject matters.

South Africa is one of the most unequal countries in the world. It is often said to be the most unequal, but that is incorrect. A number of countries, for example Namibia and Seychelles, have higher gini coefficients (the measure most often used to measure income distribution) than does South Africa¹. There are a number of other countries that are clearly very unequal - some major oil ...
