Benefit realization in execution focused companies vs. project management excellence what really matters?

Benefit realization in execution focused companies vs

Design management is a field of inquiry that uses project management, design, strategy, and supply chain techniques to control a creative process, support a culture of creativity, and build a structure and organization for design. The objective of design management is to develop and maintain an efficient business environment in which an organization can achieve its strategic and mission goals ...

Design management - Wikipedia

Complexity characterises the behaviour of a system or model whose components interact in multiple ways and follow local rules, meaning there is no reasonable higher instruction to define the various possible interactions.. The term is generally used to characterize something with many parts where those parts interact with each other in multiple ways, culminating in a higher order of emergence ...

Complexity - Wikipedia

The aim of this study is to investigate the effectiveness of the project portfolio management in different business organizations. Project portfolio management is seen as a holistic activity, dependent on the organization's strategy.

Project Portfolio Management in a Company Strategy
